

Water for All in Fiji

Please join us in praying for this project over Lent:

Our Pacific islands are yours, O Lord, and all the seas that surround them. You made the palm trees grow and the birds fly in the air.

When we see your beautiful rising sun and hear the waves splash our shores, we know, Lord, how wonderfully you bless our people.

O God, the well-spring of life, continue to pour into our hearts the living water of your grace, that refreshed by you, we may live this day in steadfast reliance on the strength you give.

O God you call the thirsty to drink the living water only you can provide. Bless the work and witness of those who provide clean drinking water and sanitation to communities without it. Help us never to take the gift of clean water for granted, nor to withhold it from those whom we are able to help.

Amen
